EUROPEAN VOLUNTARY SERVICE

The aim of European Voluntary Service in Erasmus+ is to develop solidarity and promote active citizenship of young people. During their stay of up to 12 months in the receiving country, young people contribute to social cohesion and considerably enhance their personal, professional and intercultural competences.

European Voluntary Service is normally carried out in partnerships between young volunteers, organisations in their country of residence and organisations in a receiving country.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.
