YOUTHPASS IS MORE THAN A PAPER, JUST LIKE THIS ORIGAMI PLANE!

Youthpass is a tool to document and recognise learning outcomes from youth work and solidarity activities funded by the European youth programmes. It is an empowering certificate that gives voice to the learners to express their learning outcomes. By dedicating time, space and support for reflection, the project organisers help participants to become more aware of their learning and can better shape their project as a quality learning experience.

We hope that you enjoy your learning journey.
